The Revolutionary Hot-Air Tool

# DW 3000

# SIEVERT®

The most advanced yet user-friendly product ever made by Sievert. The revolutionary DW 3000 represents the modern day hot-air tool.

The innovative and modern design of the DW 3000 is breaking the classic boundaries of the hot-air tool market, making it the lightest and most ergonomic in its class.

The power, precision, and control of the DW 3000 comes from a brushless motor powered by next-gen electronics. The next-gen electronics provide the DW 3000 its unique features and also make it possible to precisely control the power and heat of the tool.

The revolutionary hot-air tool by Sievert.
